I, Michael McKinny, outfit hunts across the majority of west and central Texas .

The operation I run is straight forward, no hidden fees or

charges. My hunts are run on either family or close friends' properties, keeping costs down for you, the client.

We specialize in free range hunts for native and exotic species.

My guides and I do this for the love of the sport. You will find out that we are very respectful, laid back, and easy going. Yet when the hunt starts, we will do whatever it takes to get you your trophy.

Success rates remain at nearly 100% on guided and 90% on self guided hunts which is nearly unheard of.

We offer semi guided and unguided hunts for those on a budget or simply just not wanting a guide. We also offer season leases on occasion.

We are set up for the single hunter or larger corporate groups wanting an extended stay. Pricing and hunts are specific to individual ranches.

99% of our hunts are free range, no high fences, and not "stocked", the hunting is the way it should be. Some of our ranches containing exotics and hogs are game fenced or high fenced, but your hunt will not be a walk in the park. If you are the laid-back-sit-around-the-camp-fire type who enjoys just being "away from it all", this is the place for you.

I will use the 15 years of knowledge and experience I have hunting in west Texas to get you on a quality animal. My guides are the best around and will do whatever it takes to give you a quality experience.
